1. L-16 (2) PERSONNEL QUALIFICATIONS is restated with the following correction:

The offeror shall provide convincing evidence that the company has, or has the ability, to obtain personnel with relevant experience in the scientific and technical areas described in the Statement of Work. These areas are highly specialized and personnel without actual experience in these areas are not acceptable. The proposal must indicate the specific personnel to be assigned to this effort and should clearly demonstrate how each person offered meets the personnel qualifications as detailed in the Solicitation. Specifically, the proposal should detail each person's background, qualifications and pertinent experience as it relates to the relevant area of the Statement of Work. It is essential for the offeror to demonstrate that key personnel possess or ~~will be capable of possessing~~ a final favorable DoD adjudicated clearance commensurate with the level of access required for the performance of this contract prior to commencing work. It is further desired that all non-key personnel be capable of obtaining the same. The proposal should specify the amount of effort each person will be performing on this contract, both by the prime contractor, as well as, any proposed subcontractors.

2. Travel Costs should not be combined with Material Costs in the calculation of the total for CLIN 0002. CLIN 0001 should encompass Travel Costs along with labor and its associated indirect costs.
3. CLIN 0004 provides for the issuance of orders on a Firm Fixed Price basis, and its associated Exhibit B allows for its pricing based on a burdened basis. Therefore, the pricing of positions on Exhibit B should include the labor rate and all associated indirect costs. Profit will be negotiated on each task order, as to account for the risk level commensurate with the statement of work.

A \$500,000 ceiling is provided for CLIN 0004 that was initially omitted in the solicitation. CLIN 0004 is revised to read as follows:

ITEM NUMBER	SUPPLIES OR SERVICES	MAXIMUM AMOUNT
0004	The contractor shall provide fixed price Research and Development efforts specified in Section C priced in accordance with Exhibit B.	\$500,000

The anticipated distribution by labor category provided in L-15 should be used for the pricing of CLIN 0001.

4. L-5 FAR 52.216-1 – Type of Contract (APR 1984) is restated with the following correction:

The Government contemplates award of an Indefinite Delivery Indefinite Quantity type contract with Cost Plus Fixed Fee Term and Firm Fixed Price ~~form~~ Task or Delivery orders resulting from this solicitation.

5. Any unsanitized subcontractor proposals shall be submitted to NRL following the same instructions as provided in the solicitation listed in L-17 (1 Original, 2 Copies, 1 Electronic Copy) by the date, time and location specified in L-2.

6. L-17 (3) (c) is restated with the following corrections:

The Offeror shall provide the Past Performance Report, located at <http://heron.nrl.navy.mil/contracts/pastperf.htm>, to the representative for each of the contracts ~~cited in Section J, Attachment J-6~~ identified in Paragraph (a) above. The offeror shall request that the representative complete the questionnaire and submit it directly to the Government. Completed past performance reports may be submitted electronically to the Contracting Officer. Reports must be received by no later than the date/time established for the receipt of proposals.

7. Please note the provision FAR 52.222-46 Evaluation of Compensation For Professional Employees (FEB 1993) cited in L-1. Information provided in accordance with this provision will be evaluated in accordance with the criteria established in M-2 (c) (6) Evaluation of Cost Proposal.
